

### About me:

3D generalist with over 10 years of experience. From modelling and texturing to setting up render farms and folder systems. From concept to final product and everything that fits in between. I have a very strong technical knowledge and a good ability to see the bigger picture.

DoB: 30.01.1984  
Age: 38

"I am very keen on various sports. I used to be a semi-professional snowboarder – this gave me the opportunity to travel the world and helped develop the competitive side of me. I quit hardcore snowboarding about 10 years ago and substituted it with disc golf. I came in 4th in the 2015 Estonian Championships. Tennis is also a favourable way to pass time for me."

<b>Education:</b>	
<b>2003-2009</b>	<b>Estonian Academy of Arts,</b> Architecture and Urban Planning Masters, unfinished
<b>1991-2003</b>	<b>German Gymnasium of Kadriorg</b>
